EDUCATION

Ontario Tech University

BEng in Software Engineering

Oshawa, Ontario

Expected Graduation, May 2028

- o **GPA:** 4.2/4.3, President's Honours List
- o **Related Coursework:** Data Structures & Algorithms, Object-Oriented Programming, Database Management & Design, Systems Programming, Software Architecture, Statistics, Discrete Mathematics

PROJECTS

Electric Vehicle Battery Health Predictor

Oshawa, Ontario

Team Lead

October 2025

- Developed a data pipeline and trained a linear regression model ($R^2 = 0.989$) to predict EV battery health using Python (Pandas, NumPy, scikit-learn).
- Led a team of 5 in designing model evaluation metrics and presenting results to stakeholders.

AI Mental Health Assistant

HackHive 2025

Backend Developer

February 2025

- Rapidly learned and applied React, Node.js, Vite, and AI APIs within 24 hours to develop an AI emotion companion that recognized and responded to human emotions.
- Presented the project to judges, earning positive feedback for innovation and clear communication.

Carpool Dashboarding Site

Oshawa, Ontario

Team Lead

November 2024

- Implemented HTML, CSS, PHP, and MySQL to design the award-winning, functional and accessible carpooling website aimed at lowering carbon emissions by 25% to 50% per person.
- Deployed site using free hosting and database services, minimizing operational costs.

WORK EXPERIENCE

Ontario Tech University

Oshawa, Ontario

Web Intern

May 2025 – April 2026

- Employed JavaScript, SOAP, PHP, CSS, and WCAG 2.0 to develop a custom event submission form enabling automated page creation in the university's CMS.
- Engineered an algorithm to parse and reformat large JSON event datasets to meet new filters and specifications.
- Utilized GitHub to develop and integrate client-requested features into the Tuition Calculator, with approved changes pushed to the production environment after extensive testing.
- Supported thousands of non-technical clients by translating complex web concepts into plain language via email and ticketing, improving client satisfaction and response clarity.

ACTIVITIES AND LEADERSHIP

Exoskeleton Club

Ontario Tech University

Software Project Coordinator

Oct 2025 – Current

- Simplify and delegate tasks to the Software and IT team, ensuring tight deadlines and high standards are met.

Student Council

RS McLaughlin CVI

President

Sept 2022 – June 2023

SKILLS

Languages: Java, Python, C++, JavaScript, PHP, SQL, HTML/CSS

Frameworks and Tools: Git, Node.js, React.js, SOAP, Vite, CMS Integration

AWARDS

Principal's Award for Leadership • Top 25% in Canada (CCC) • Most Improved Program (Queen's Computing Competition)
